POLICY

1. School profile

Dandenong South Primary School is located in the south eastern region of Melbourne approximately forty kilometres from the metropolitan city centre. The school location itself is bordered by residential, commercial and industrial zones. A kindergarten (in partnership with the City of Greater Dandenong),

gymnasium, learning centre, discovery centre, refurbished classrooms and an ongoing landscaping strategy have all continued to contribute to a learning environment of which the whole community is proud.

The school has a current enrolment at Census Day 2024 of 590 students. Although 88% of students have origins outside of Australia and speak approximately thirty-three different languages, most are born in Australia with family members having attended schools in the local community for several generations. The number of enrolments of refugees originating from Afghanistan has however recently increased, adding to the diverse multicultural profile of the school. Many of these children have had little or no previous schooling before enrolling at Dandenong South Primary School; and few of these families take up the option of enrolling their children in an English Language School.

In 2024, Dandenong South Primary School has a Student Family Occupation (SFO) index of 0.7192 and SFOE index is 0.6312. The school enrolment consists largely of children from families of low socio-economic status and of a language background other than English. 66% of year six students annually transition to local government schools for their secondary education.

2. School values, philosophy and vision

Dandenong South Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respectful, responsible and safe at every opportunity.

Our school's vision is to provide students with a positive and engaging learning environment which will equip them with the knowledge, skills and social competencies they need for the future in order for them to become respectful and responsible citizens who contribute positively to society.

3. Wellbeing and engagement strategies

Dandenong South Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. We recognise the importance of student friendships and peer support in helping children and students feel safe and less isolated.
